

**BENDANA**

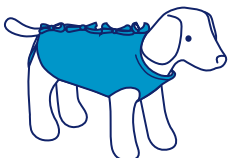

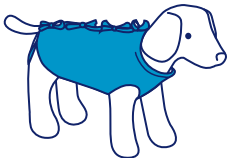

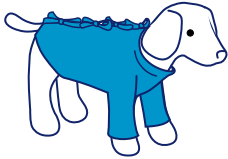

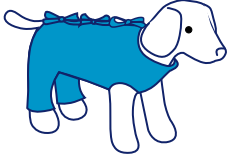

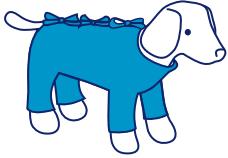

# LISTINO 1/2019

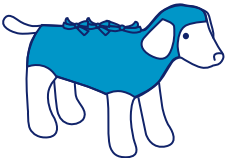

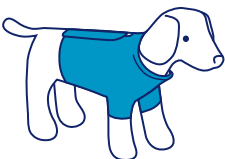

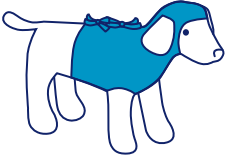

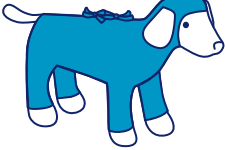

VALIDO DAL 1 GENNAIO 2019

**Bendana** un bendaggio elastico studiato per coprire completamente le medicazioni nel post operatorio, proteggendo la zona operata ma lasciando all'animale assoluta libertà di movimento. Fornito di lacci, permette di modulare tensione e lunghezza della protezione conformandosi a qualsiasi taglia e dimensione. semplice da usare e facile da rimuovere anche durante i controlli. realizzato in tessuto naturale di jersey (oltre il 90% cotone e dal 5 al 10% elastene), morbido e traspirante.

**Bendana** prodotto in vari modelli a seconda della parte da proteggere. Riduce drasticamente i tempi di esecuzione del bendaggio, l'uso dei cerotti e del già noto collare Elisabetta. Consulta il nostro sito per scoprire gli altri prodotti ed ottenere maggiori informazioni.
